VIROX TECHNOLOGIES PARTNERS WITH CONTEC TO EXPAND DELIVERY OF SUSTAINABLE, EFFECTIVE DISINFECTANTS TO LAB ANIMAL SCIENCES/VIVARIUM MARKET

OAKVILLE, ON – August 10th, 2022 Virox Technologies, the creator and manufacturer of some of the world's safest, most effective, eco-friendly disinfectant chemistries is pleased to announce the expansion of their partnership with Contec, Inc. Virox and Contec have partnered together for well over a decade marketing, promoting, and selling Virox's PREempt™ brand of disinfectants to the controlled environments sector. Now, through this expanded relationship, effective July 15, 2022, Contec will serve as a newly appointed distribution partner for Virox's Peroxigard disinfectant brand for the lab animal sciences (Vivarium) sector.

Contec is a global leader in developing and manufacturing innovative cleaning products in critical applications. Their technical, marketing, R&D and world class operations teams bring unmatched expertise to all the markets they serve. Robert Deck, Business Manager of Lab Animal Sciences for Contec Professional, explained, "Contec has the broadest and most effective tools in this industry. As a 30-year veteran in the infection prevention business, I am extremely honored to have the opportunity to bring Contec's tools together with Virox's Peroxigard to the Vivarium market." Contec's president Avi Lawrence added, "We have a long-standing partnership with Virox and look forward to working with them in the Vivarium market to bring the Peroxigard disinfectant and our unique tools to our valued customers."

"Our team is incredibly excited to expand our partnership with the Contec team," commented Virox Executive Vice President of Commercial Markets, Lee Nesbitt. "Their extensive expertise in controlled environments and history with our PREempt™ products will make them an incredible asset not only to Virox but to the customers and users of Peroxigard."
